Subject: HELP: Revised interview Q's for MONDAY interview with Pat Rizzuto

Anything you can do to help move this along would be appreciated. I need a response to this question for Alex's interview w/ Pat R. on Monday. Rick and Ed have been on my emails today. Do you know what time she's leaving today? Just trying to figure out when I need to have stuff to Ruth to print for the books tonight. Thanks.

EPA has less than 90 days to come up with a rule on chlorpyrifos. Does EPA's 2015 decision to revoke tolerances of the pesticides on food crops impact the agency's recommendation going forward? If not, why?

Yes. I sent a response to Bob Perlis for review. I'll check in with him shortly.

OPP, can you get an answer to the yellow by Noon tomorrow so Cheryl can include a revised attached into the take-home packet?

Subject: Revised interview Q's for MONDAY interview with Pat Rizzuto

Alex, attached are the revisions after your meeting on the interview questions with Rick and Jeff. As you remember, last Friday, Pat Rizzuto and Adam Allington deleted some of the questions they say they will ask.

One question was added, and I see Rick did not include it. Cheryl will get you an answer to it: EPA has less than 90 days to come up with a rule on chlorpyrifos. Does EPA's 2015 decision to revoke tolerances of the pesticides on food crops impact the agency's recommendation going forward? If not, why?

Also, let Cheryl know if you need more information. I am out tomorrow and part of Monday.

Thanks, Linda
